

## First SBML Hackathon

July 29 - 30, 2003

Virginia Bioinformatics Institute  
Blacksburg, Virginia, USA

Organized by the Biochemical Networks Modeling Group  
with sponsorship from Sun Microsystems.

The SBML hackathon will enable close interaction between software tool developers who use SBML as their model exchange format. This close interaction will allow rapid resolution of SBML-related coding problems leading to better SBML-enabled tools. This will lead to a higher quality of tools furthering the acceptance of SBML as the model definition language for Systems Biology.

### Provisional agenda:

July 28	Arrival day	Afternoon/Evening
July 29	1st day of Hackathon	9:00 AM - 5:00 PM
July 30	2nd day of Hackathon	9:00 AM - 5:00 PM
July 31	Departure day	Morning

### Hotel Information

Hampton Inn  
380 Arbor Dr.  
Christiansburg, VA 24073  
Phone: +1 540 381 5874  
Fax: +1 540 381 2723

We have reserved 16 rooms at the Hampton at a group rate of \$59. In order to receive the group rate you must refer to the "SBML-Hackathon".

### Miscellaneous information

A free shuttle service will be provided between the Roanoke Airport and the Hampton Inn on the arrival and departure days. Transportation to and from VBI at the days of the hackathon will also be provided.

### Registration

To register please go to: <http://calvin.bioinformatics.vt.edu/sbml-hackathon>.
